

Hydra-THERM

Composite Heating Unit

- Constructed of high temperature resistant composite eliminating rust issues
- Ultra safe & energy efficient 24 volt control system
- Adjustable digital temperature control
- Digital low water sensor alerts when water is needed & won't go into heat mode
- Includes 5 slide out composite dividers with grab handles above water level for easy adjustments & cleaning
- Isolated heating element keeps heat packs & dividers from accidental contact
- Deluxe model includes Drain Pump & Folding shelf
- Drain pump simplifies & speeds periodic water changes
- Folding shelf mounts & folds out from the side of the unit providing additional work space
- Holds up to 12 hot packs

Fully Composite Inside and Outside!
Patent Pending
